Mail Stop Issue Fee  
Commissioner for Patents  
P.O. Box 1450  
Alexandria, VA 22313-1450

In response to the Notice of Allowance and Notice of Allowability mailed July 26, 2010,  
please amend the application as follows:

**IN THE SPECIFICATION**

On page 20, paragraph [0060], please amend the specification as follows:

[0060] An exemplary use of the shipment-tracking feature is shown in Figures 10a and 10b. This time, when the user navigates to a review his or her personal account information, a personal accounts page 300A is rendered. "Action" column 306 now contains a "Track Package" button ~~300~~ 310. In response to activation of this button, the tracking number for the corresponding transaction is retrieved from database 117, and web server 112 navigates to the shipment tracking page on UPS' web site and enters the retrieved tracking number. The web server 112 then directs the UPS web server to serve a resulting tracking summary page 312 to client 106, as shown in Figure 10b. At this point, the user may access further features provided by the UPS site.

### **IN THE DRAWINGS**

Insert new sheet Figure 10A between Figures 9 and 10B. The Applicants aver that the insertion of Figure 10A does not introduce new matter because: (1) originally-filed specification (e.g., at least in paragraphs 60 and 61) explicitly refers to and describes Figure 10A; (2) Figure 10B actually shows a portion of the user interface depicted in Figure 10A; and (3) the application claims priority to application serial number 10/465,352, which includes Figure 10A.

### CONCLUSION

It is respectfully submitted that these changes do not introduce new matter, and the claims are allowable without further search or consideration. Therefore, entry is appropriate under Rule 312, and is respectfully requested.

The Examiner is invited to telephone Applicants' representative at (408) 278-4047 to facilitate prosecution of this application. If necessary, please charge any additional fees or deficiencies, or credit any overpayments to Deposit Account No. 19-0743.

Respectfully Submitted,
